

BEST MIXED-USE PROJECT

VENTANA MEDICAL CENTER

18131 Ventura Blvd. Tarzana
Developer: Tristar Realty Group
Contractor: CW Driver
Architect: NEO and Associates

The Ventana Medical Center is a transformative development for the neighborhood of Tarzana. This 112,500 square foot class-A medical office building has rejuvenated the portion of Ventura Blvd. located in Tarzana that hasn't seen new development in over 20 years. The

project has brought in significant investment from the AAA credit tenants including Radnet Imaging, Facey Medical Group, and Providence Hospital. It will become the center of cancer-treatment in the San Fernando Valley.
